

What's happened — 54

**How did _____ come to care
so much about Climate Change?**

What made Climate Change feel meaningful to you?
How did you learn about it? What's your story?

What's going to happen — 84

**What future does
want to see if we choose to
act on Climate Change?**

What is your vision of the future that you're working
towards? How will life be better? What would you save
from being lost if you could? What would you create?
